

# Crack Oil

## Smoke and Fog Fluids

Cloudy Professional products are designed to deliver amazing and safe effects for a wide variety of venues, from theaters to TV studios, dance halls, cultural and recreation spaces, concerts, night clubs, mega productions, military training, fire drills and airtightness tests in laboratories, or wind tunnels in automotive factories.

All of our fluids are manufactured with deionized water and USP food grade glycols, as well as rigorous filtration systems that make them safe and reliable.

All of our fluids are not toxic, they are not flammable, they do not cause eye or respiratory irritation, they do not generate greasy residues and they do not cover the heaters of the smoke machines.

Fluid type

# Crack Oil

Dispersión

Densidad

Vegetable oil based mist liquid that generates a fine uniform mist of micro particles floating in the air.

We recommend the use of this liquid in outdoor settings.

All liquids in the Cloudy professional line are factory sealed with a security seal and a sealed aluminum lid.

Machine type:

This liquid can only be used in Hazer or Diffussion type fog machines.

Suitable machines:

HAZER type fog machines or oil based micro spray system.

Important:

Do not use this liquid in Fazer or water-based fog machines.

Security seal
