Smoke and Fog Fluids

Cloudy Professional products are designed to deliver amazing and safe effects for a wide variety of venues, from theaters to TV studios, dance halls, cultural and recreation spaces, concerts, night clubs, mega productions, military training, fire drills and airtightness tests in laboratories, or wind tunnels in automotive factories.

All of our fluids are manufactured with deionized water and USP food grade glycols, as well as rigorous filtration systems that make them safe and reliable.

All of our fluids are not toxic, they are not flammable, they do not cause eye or respiratory irritation, they do not generate greasy residues and they do not cover the heaters of the smoke machines.

Fluid type

Disco

Dispersion Density

Liquid specially formulated and designed to generate an even and soft mist, with medium/fast dissipation.

Its uniformity and small particles are perfect for highlighting rays, light effects in the air, projections and laser refraction. In addition to offering a unique effect,

Recommended for indoor sets, TV studios, theaters, discos, event spaces and mobile dj.

All liquids in the Cloudy professional line are factory sealed with a security seal and a sealed aluminum lid.
